++ Valid for broadcast between 1800 and 0600

Headline:
Cold and cloudy tonight and tomorrow. Brighter later.

This Evening and Tonight:
Mainly cloudy overnight, with mist and fog over hills. The cloud thick enough to give some patchy light rain and drizzle, perhaps snow grains on hills. Feeling cold. Light winds. Minimum temperature 0 deg C (32 deg F).

Thursday:
Overcast to start. A band of light rain, possibly wintry on the hills, will spread southwards during the day. Then drier, perhaps bright for a time. Cold, and frosty overnight. Maximum temperature 6 deg C (43 deg F).

Outlook for Friday to Sunday:
Mainly dry on Friday, and through the weekend. Decent spells of sunshine expected by day, but cold with widespread, sharp frosts overnight. Becoming cloudier on Sunday. Light winds.
